

Gloria Zhu

Interaction Designer & Product Designer

Interaction Designer focused on AI-integrated product workflows and human-computer interaction, translating ambiguous AI capabilities into product flows and testable prototypes.

Experience

AI Product Management Intern | Tencent

May 2026 – Present / Shenzhen, China

- Structured requirements and interaction flows for an AI-assisted design tool, aligning user scenarios with implementation constraints.
- Researched AI design workflows and competitor to inform scope, edge cases, and iteration priorities.

Product Design Intern | Alibaba, Amap

May 2024 - July 2024 / Beijing, China

- Designed 3D spatial wayfinding and **Figma**-based AR navigation prototypes, informed by user and market research for large indoor venues.

AI Product Design Intern | Tezign Information Technology Co.

July 2024 - August 2024 / Shanghai, China

- Developed an **AI-powered** product photo generation tool with custom background replacement and style filters for e-commerce.
- Benchmarked **AIGC models** for UI component generation and feature roadmap planning.

UX Design Intern | Adream Charitable Foundation

December 2023 - April 2024 / Hybrid

- Conducted UX research and redesigned web layouts to improve accessibility and engagement for online learning platforms.

Project

Inferring an Elephant | Human-AI Hallucination Tangible Interface

September 2025 - February 2026 / Cornell University

- Designed and implemented the interactive interface and Arduino-based installation driven by **CV/LLM** outputs.
- Refined the hardware and interaction based on pilot use and **co-authored** an **HCI** research.

Journeyman | MIT Hard Mode AI x Hardware Hackathon

Mar 6–8, 2026 · *Best Use of K2 Think V2* / MIT Media Lab

- Led interaction design for a projection-based piano learning demo using AprilTag **computer vision**, voice interaction, and real-time guidance.

Education

Master of Science, Design Technology | Cornell University

August 2025 - Present / Ithaca, NY

Courses: AI, Embodiment & Design, Coding for Design, Design for Physical Interaction

Bachelor of Fine Arts, Design and Technology | Parsons School of Design

September 2021 - May 2025 / New York, NY

Courses: Interactive Design, Web Design, Computer Graphics, Creative Coding
